### NOTES REGARDING CONFIRMATION

Confirmation is open enrollment for students from grades 8-11. Students sign up if the schedule and requirements work for them based on their schedules– Students should be confident and willing to fulfill what is asked of them. Much like so many things in life, it is a commitment and will require time and energy. The curriculum is a total of 60 lessons; 30 lessons are covered a year. If the schedule is followed and no lessons missed the curriculum can be complete in two years. All lessons must be completed in order for a student to be confirmed. In addition to the lessons, enrolled students must to serving in worship at least twice a month. During that time they will complete a worship observation report.
